Greetings to all:

As Volunteer Association President one of my favorite things to do is host the annual Volunteer Forum. First I want to clarify who can attend this forum. Any adult who works with our 4-H youth on an unpaid basis or over and above your paid staff requirements is considered a volunteer and is thereby entitled to attend our forum. If you run the whole club or just come in for a single meeting you ARE a volunteer. We want you all!

The purpose of our state forum is to share new and updated information in all areas of 4-H with all our volunteers. Of course the opportunity to spend time with other volunteers, have a weekend away from the family, and have fun too cannot be overlooked.

This year our theme is "4-H 101." We feel that sometimes all of us need to go back to square one and start at the beginning, so we are here to help you get started (or renewed.) In some areas you will be among the first to learn all about revised curriculum!

So come join us. In your registration packet you will find exciting, informational, and fun workshops. There is also some great news about scholarships that I am sure you will find interesting.

Hope to see you all at Camp Ocala April 23-25, 2010.

Regards,

Ellen Waldrop
President
